

Listening to YU

Be seen. Be heard. Take the Census.

The **Student Equity & Diversity Census** is a new initiative at York University that will help build a more inclusive community.

By asking who you are and how you identify we can provide more targeted services, resources and supports. The results will be used to help inform policy and practices and help reduce barriers to access.

Scan the QR code to take the survey!

Students that complete the short survey can also opt-in to a sweepstake for a chance to win prizes!
